SMART TECHNOLOGY WATER HEATERS

Smart electric water heaters are ideal for the rapid and inexpensive production of medium quantities of water. It means that the appliance adapts to your consumption patterns. Without any effort, users can have hot water according to their needs.

- WI-FI connection for remote control (IOS and Android) - **New feature 2023**
- Stainless steel AISI 316L tank pickled and passivated, (EN 1.4404) welded with "TIG" and "Plasma" technologies for optimum protection from the effects of corrosion
- Incoloy 825 stainless steel heating element
- User-friendly digital interface for temperature display and settings
- SMART mode operating with self-learning habit algorithm which will ensure you have hot water when you need it and save energy when you don't
- External casing made of sheet metal coated with epoxy powder paint
- Low heat loss due to superior thermal insulation
- Vacancy mode and automatic anti-legionella function for total piece of mind
- Environmentally friendly CFC/HCFC free foam to ensure excellent heat retention

10 YEARS
WARRANTY

WARRANTY:

- **10 YEARS** ON THE TANK
- **2 YEARS** ON THE OTHER COMPONENTS

(NEW)**SERIES VSXI 35-50-80-100 SMART**
